

## The Precious Foundation Newsletter Spring 2018

Dear Supporters,

I hope this mini newsletter finds you well. Its purpose is to give you an update on the work we have been doing since our last communication.

### Projects

We thank the Lord that we have been blessed enough to be involved in the following projects. Update on orphanages:

#### Bulgaria

Tanya one of our trustees had shared recently with us her wish to help to raise money to help an orphanage in Bulgaria who are hoping to build a sensory room for children with learning disabilities and developmental problems. This was a result of her taking the opportunity to visit her family and local orphanages. The Precious Foundation would be happy to support Tanya raise funds but we would not be expecting to contribute a large proportion of our supporter's funds to this project.

#### Nigeria

We ask you to continue to pray with us that everything is ok at The Abuja Children's Home as Tope has not received any communication back from The Precious Foundation's contact there despite emailing and phoning. We value your prayers for the orphans in Nigeria and the current situation.

#### Israel

The Precious Foundation continues to send annual funds to Joseph Storehouse, as our tithing to Jerusalem orphans of all backgrounds. If you would like to find out about Joseph Storehouse Ministries, please check their website at: [www.visionforisrael.com](http://www.visionforisrael.com)

#### India

**Maranatha Social Organisation** - This is an organisation that we have been praying about as trustees since 2017. We had the opportunity of speaking to the founders, Pastor John and his wife sister Karuna connected with us via a video call during our meeting on 6 December 2017. While they believe in preaching the gospel first

and foremost, they work with orphans and widows and understand the importance of having food, clothes and shelter ready for the poor before they will listen to any message brought to them. It was agreed that The Precious Foundation would give them a donation of £300.00. Please see photos below some clothes and food your money was used to bless these Indian orphans during the Christmas season.

### Donations from supporters

We thank the Lord for the continued financial support given to The Precious Foundation from our regular supporters, this allows us to bless organisations that work with orphans. Thank you for giving.

### Important General Data Protection Regulations (GDPR)

You may be aware of changes regarding the existing data protection legislation. These changes came in force on 25 May 2018. As part of our work to be compliant, we sent out an email in February 2018 to all our current supporters, with form we need all our supporters to complete and return giving us their consent to hold their details and advise us how our supporters wish to be contacted. If you had not returned the completed form by 30 April 2018, we would have removed your details from our paper and computerised systems. Our policy is not to share your information with third parties. If you are reading this and would like to be either removed or added to The Precious Foundation database, please express this by sending an email to: [info@preciousfoundation.org.uk](mailto:info@preciousfoundation.org.uk)

Blessings in the name of our Lord and Saviour Jesus Christ,

Andrew Hoare,

Secretary
